

Coming Soon: GOD's Major Wake-Up Call

NASHVILLE

—ON—

FIRE

**Just as GOD destroyed Sodom &
Gomorrah, GOD IS GOING TO
DESTROY PARTS OF NASHVILLE WITH
FIRE AND BRIMSTONE!!!**

When will this happen? Probably within 1-3 years!

This was prophesied in 1904-05.....

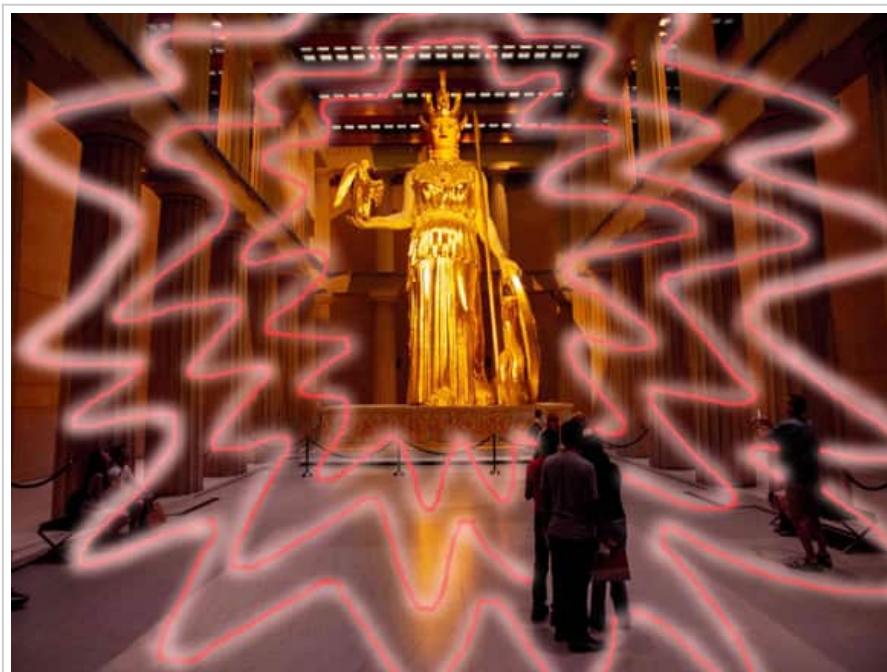

Where and why will this happen?

**The PARTHENON in Nashville ala Athens,
Greece**

GOD does not approve of “pagan gods” (read the 1st Commandment), but NASHVILLE went ahead anyway and built their own version of

Athens' pagan Parthenon with a 42-foot golden statue of the goddess Athena inside it....

NASHVILLE's Parthenon will soon be hit by an immense **ball of fire** and destroyed (within 1-3 years or so), and various "large houses" and "beautiful mansions" in that area will also be destroyed.

In 1904-05 Ellen G. White was given a series of dreams/visions of the city of NASHVILLE being hit by "an immense ball of fire" from GOD!

The Plea-by-Fire video fully explains Ellen White's visions about Nashville!!!

* * *

The 2nd reason why NASHVILLE will be hit by fire from GOD:

**A man named Ron Wyatt lived in NASHVILLE, and
from 1977-1999 he made over 100 trips overseas
working on several very important discoveries...**

Did NASHVILLE pay attention to him? Not really....

**Ron Wyatt's discovery of SODOM & GOMORRAH
(cities hit by fire from GOD!) was front page news in
the January 12th, 1993 Nashville Banner....**

Iraq playing shell game with missiles

By Ruth Gidel

WASHINGTON — Iraq is using missile attacks to renew its threat of a re-attack of its own to the missile situation.

"I would just say we're considering what course of action the United States should take," said State Department spokesman Richard Boucher. "I don't want to predict anything particularly."

Archaeologist: Sulfur proves I found Sodom

The sulfur balls — some golf-ball size — are the brimstone that destroyed Sodom and Gomorrah, says Ron Wyatt.

By Charlie Aylett
Times Staff Writer

"Then the Lord rained硫磺 (sulfur) and brimstone from heaven upon Gomorrah and Sodom, the two cities had 2,000 years ago when God destroyed them for their sins."

Ron Wyatt, an amateur archaeologist who claimed in 1989 to have located Noah's Ark, is due to leave in mid-February for his next mission: to find the cities of Sodom and Gomorrah.

Already, he says, lab tests have confirmed the presence of sulfur at the two sites like salt from nowhere else in the world. The former geologist says it is reasonable to assume that these are the sites of Sodom and Gomorrah.

The sulfur, which the dictionary defines as "brimstone," is measured in "cubed pellets" — since the size of golf balls — that Wyatt says fell like rain on the cities, leaving potholes.

To search for sulfur, he says he will use a metal detector and a metal detector.

The Flintridge-area scientist, who was adopted by Turkey's Ark, says he found the cities 20 or 40 hours in the past 12 years while reading that they always remained dry

weather above the Dead Sea.

The site he has identified as Sodom is located at the south end of the Dead Sea.

Gomorrah is located along the western bank of the Dead Sea.

THIS WAS AN AWESOME DISCOVERY!!!

**NASHVILLE resident Ron Wyatt was used of GOD to
find the ashen remains of Sodom & Gomorrah, cities
that were burned with fire and brimstone...**

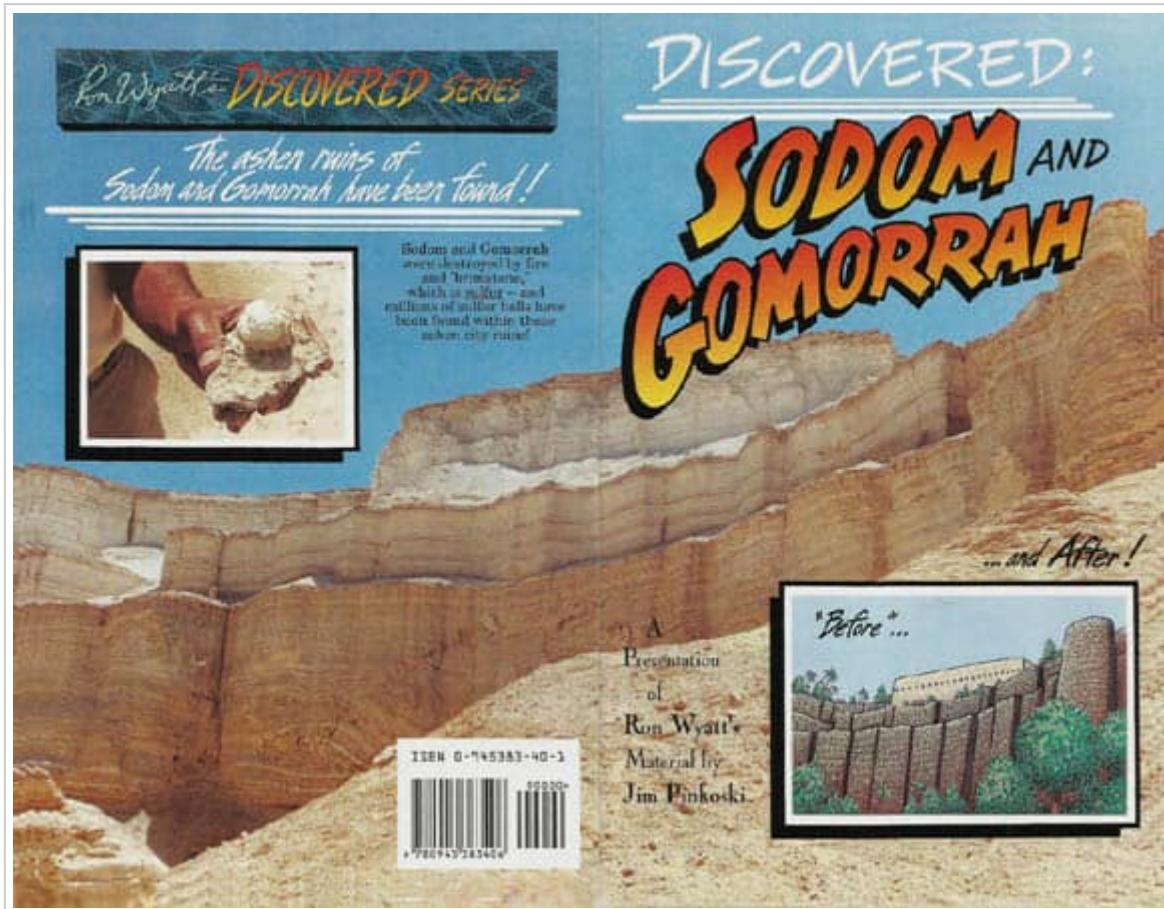

**Yet even after we set up a museum
in downtown NASHVILLE... 99% of
the people in NASHVILLE still chose
to **ignore** Ron!!!**

(Aerial scenes of Ron Wyatt's Gomorrah site are shown at 6:40 minutes in on the Plea-by-Fire Video that you need to watch.)

In 1992 Ron had me do a magazine about the discovery:

**...and 99% of NASHVILLE also
ignored my magazine...**

* * *

Ron Wyatt was also on the cover of the November 1991 NASHVILLE Magazine when they did a story of his work on Noah's Ark...

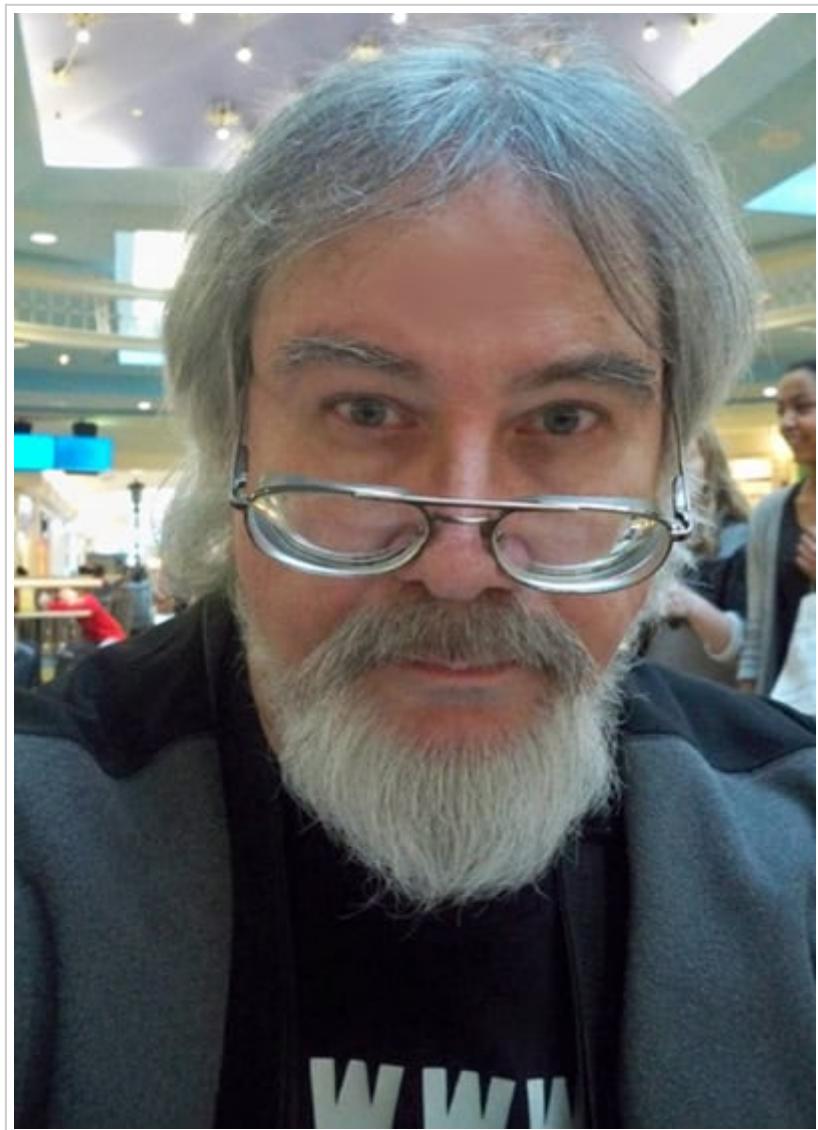

... RON SHOULD HAVE ALSO BEEN ON THE COVER OF *TIME* MAGAZINE, but because 99% of the people in Nashville basically chose to IGNORE HIM, *it never happened...*

The city of NASHVILLE had several years to learn about Ron Wyatt's discoveries, and study what Ron believed in regarding the doctrines of the Bible —

**BUT THE CITY OF NASHVILLE CHOSE INSTEAD
TO**

****!!!**IGNORE**RON**WYATT**!!!****

And now the world will see what the *consequences* are if we chose to close our eyes to the special things that GOD has chosen to share with us — IGNORE GOD AND HE WILL PUNISH THOSE WHO MOCK AND/OR REJECT HIM!

After NASHVILLE is hit with fire and brimstone, it's going to happen to more cities — because people in this country need to *repent* and pay attention to the things GOD requires us to learn!

Ron Wyatt's Other Discoveries

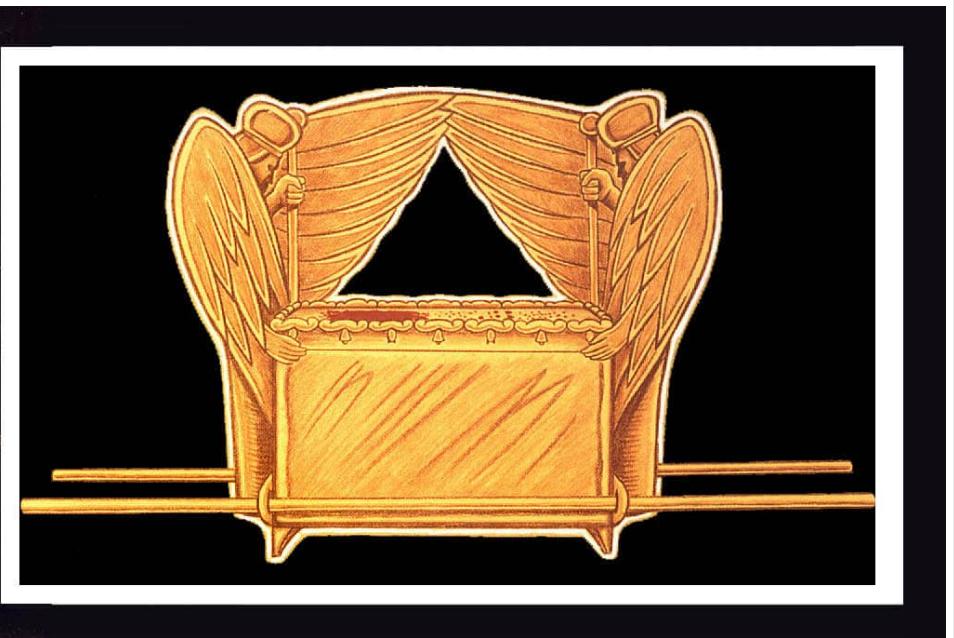

The Real Mt. SINAI and the Red Sea Crossing

Over the years these discoveries have repeatedly been shown in the media, most recently via Tim Mahoney's documentary films! But they are still being IGNORED by most people....

The Ark of the Covenant

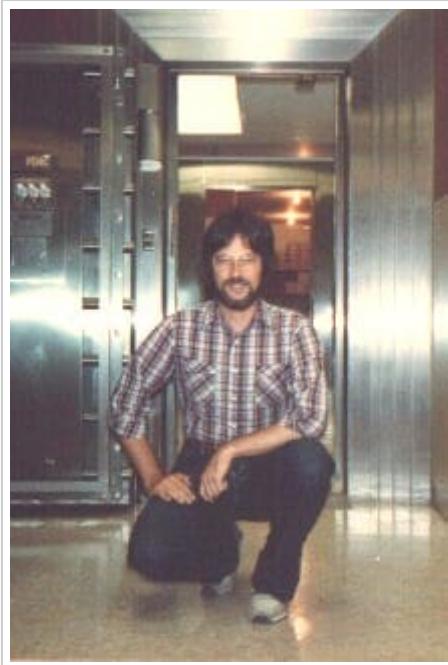

Ron Wyatt said that he found the **Ark of the Covenant** on **January 6th, 1982** — in a cave in Jerusalem — *which is exactly where Ellen G. White said that it was hidden!*

In 1993 Ron Wyatt had me draw the Ark of the Covenant....

At the same time that Ron Wyatt was discovering the Ark of the Covenant in 1981-82, I was working at a bank in California and was impressed with a solution to the banking system! BOTH THESE THINGS HAPPENED AT THE SAME TIME!!!

www.TheBankingSolution.com

**Ron Wyatt's discoveries and my Banking Solution
were intended to be blessings from GOD — but
people have been **IGNORING** them... so GOD has**

decided to do drastic things to get people to pay attention.

The INDIANA JONES Connection

The 1st INDIANA JONES movie, *Raiders of the Lost*

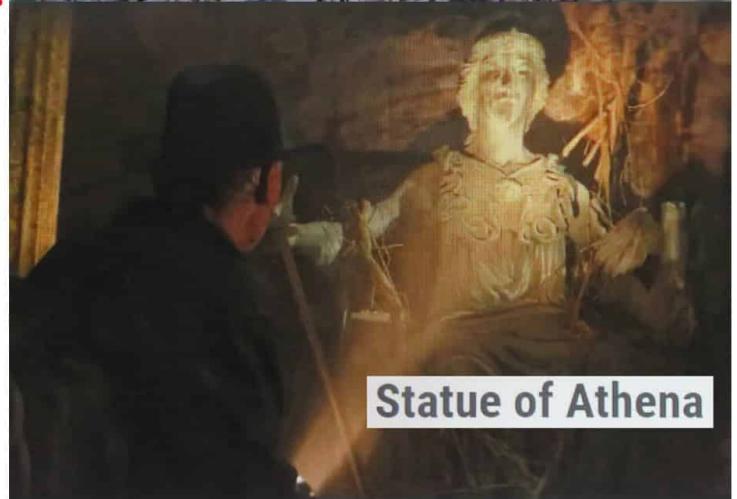

Ark, came out in 1981 — at the very same time that Ron Wyatt was finding the Ark of the Covenant!

The 5th INDIANA JONES movie, *The Dial of Destiny*, came out in June 2023 — and included the Indiana Jones character going to the Parthenon and seeing the statue of Athena in a cave!!!

Parthenon

Statue of Athena

Sometime very soon, the Parthenon in Nashville with its statue of Athena is going to be hit by a fireball from GOD, and "it just so happened" that the Parthenon was included in the final INDIANA JONES movie....

I think it's time that I talk with Steven Spielberg and George Lucas.

We need to discuss the ****REAL** Ark of the Covenant!**

***(NOTE to Steven Spielberg & George Lucas:** I have already discussed this with **Howard Kazanjian**, feel free to contact him — he has known about Ron Wyatt's discoveries since 2006 — hopefully he can help convince you folks to talk with me — LET'S TALK, GUYS!!!)
