**Sandra spent 8 years working as a reporter for the Tennessee Star Journal Newspaper and she has been able to met and interviewed several interesting people, including Tina Wesson the SURVIVOR winner and her husband Dale on 6-5-01 — she did an interview with them and gave them our DISCOVERY TIMES paper & my DINO book!**

**BELOW: This was a total surprise — Sandra saw President Clinton! He came to Gatlinburg to speak on Friday, 3-9-01, and she was one of only 20 people at the Sevierville airport to meet him! She wished she could have given him a DISCOVERY TIMES paper, but the press was not allowed to approach him — so all she could do was take these pictures, and you can see that she was only 10-12 feet away from him:**

Sandra used to sing with the now retired **SABBATH REST** group back in 1989:

Back in 2000 we got the shocking news that Sandra had a golf ball sized brain tumor, but the operation was a complete success and she fully recovered (and even went back to work around 10 days later) — and now it's 2015 and she's still fine!

PRAISE THE LORD!

**Sandra appreciates your prayers — life on this planet is not easy at times!**
